SCIENCE

Chocolate Chip Cookie Shop Cookies

Classic chocolate-chip cookies with lightly golden edges and soft, chewy centers. Junior cooks practice measuring, mixing, following steps, and oven safety with adult help.

INGREDIENTS

- 1/2 cup (1 stick) butter, softened
- 1/2 cup brown sugar
- 1/4 cup granulated sugar
- 1 egg
- 1 teaspoon vanilla
- 1 1/2 cups all-purpose flour
- 1/2 teaspoon baking soda
- 1/4 teaspoon salt
- 1 cup chocolate chips

INSTRUCTIONS

- 1 Heat the oven to 350°F. Line a baking sheet with parchment paper or a silicone baking mat.
- 2 In a large bowl, cream together the softened butter, brown sugar, and granulated sugar.
- 3 Mix in the egg and vanilla.
- 4 Add the flour, baking soda, and salt. Stir only until no dry flour remains.
- 5 Fold in the chocolate chips.
- 6 Scoop level tablespoon-sized portions onto the lined baking sheet, leaving approximately 2 inches between cookies.
- 7 An adult places the baking sheet in the oven.
- 8 Bake for 10–12 minutes, until the edges are lightly golden but the centers still look soft.
- 9 An adult removes the baking sheet.
- 10 Cool the cookies on the baking sheet for 5 minutes before transferring them to a cooling rack.

LEARNING ACTIVITY

Topic: Measurement, Fractions & Baking Science

Cookie Shop Math: Estimate the batch cost and divide it by 24 to calculate the cost per cookie. Choose a pretend selling price and calculate revenue and pretend profit. As an extension, calculate ingredient amounts for a half or double batch.
