

JUNIOR COOKS (AGES 6-9) | MEASURING, FOOD GROUPS & BUILD-YOUR-OWN MEALS

Kid-Friendly Walking Tacos

A fun build-your-own meal served in individual chip bags. Junior cooks practice measuring, following steps, identifying food groups, and creating their own topping combinations while an adult cooks the meat.

INGREDIENTS

- 6 individual bags of Doritos or Fritos
- 1 pound lean ground beef or ground turkey
- 1 packet mild taco seasoning
- 1/2 cup water
- 1 cup shredded cheddar cheese
- 1/2 cup corn
- 1/2 cup diced tomatoes, optional
- 1/2 cup shredded lettuce
- Salsa, as desired
- Sour cream, as desired
- Sliced black olives, optional

INSTRUCTIONS

- 1 An adult browns the ground beef or turkey in a skillet and drains excess grease.
- 2 Add the taco seasoning and water. Simmer for 3–5 minutes.
- 3 Confirm the ground meat reaches an internal temperature of 160°F.
- 4 Gently crush the chips inside the unopened bags.
- 5 Cut or tear open the top of each bag.
- 6 Add a scoop of cooked taco meat.
- 7 Add cheese, corn, lettuce, tomatoes, and any optional toppings.
- 8 Finish with salsa and sour cream as desired.
- 9 Serve with a fork and eat directly from the bag.

LEARNING ACTIVITY

Topic: Measuring, Food Groups & Build-Your-Own Meals

Build a Balanced Taco: Identify the food group represented by each ingredient. Design a preferred topping combination, measure the ingredients, and compare combinations with other family members.
